in <https://www.linkedin.com/in/jonida-durbaku/>

Recent computer science graduate from Bellevue College with a strong passion for software engineering. Seeking opportunities to apply my technical skills and knowledge in a dynamic software development role.

TECHNICAL SKILLS

Cloud Platforms: Amazon Web Services (AWS), Adobe Creative Cloud

Programming Languages: Java, JavaScript, ReactJS, SQL

Databases: SQL databases (e.g MySQL, Postgress), NoSQL databases (e.g DynamoDB, MongoDB)

IDEs: Visual Studio Code, IntelliJ

Version Control: Git, Github

PROJECTS

NuOrder Capstone Project – www.nuorder.shop, Bellevue College, Bellevue, WA

Frontend Developer

September 2022 – June 2023

- Worked collaboratively in a team of four to create a web application, focused on bringing local restaurants online without any fees.
- Designed the user interface and user experience of the website using React.js and Figma, emphasizing a user-friendly design.
- Implemented a review system that enabled users to view and write reviews, enhancing user engagement.
- Created multiple themed templates for restauranteurs to choose from when setting up their store page, ensuring customization options.
- Developed a dynamic carousel component to showcase top-rated restaurants, significantly improving the user experience.
- Collaborated efficiently with the team members using Git and GitHub for version control and project management.

PROFESSIONAL EXPERIENCE

Bellevue College, Bellevue, WA

Teacher Assistant (Database Systems & Programming Languages)

October 2022 – Present

- Provided guidance and support to students, simplifying complex topics related to database systems and programming languages.
- Aided students in project design and implementation, ensuring they comprehensively understand and excel their coursework.
- Facilitated effective communication between students and faculty, fostering a collaborative and improved in-class educational experience.
- Collaborated closely with professors to enrich student understanding of the coursework, assisting in teaching and mentoring activities.

Aurora Prints/Mass Media Outlet, Shoreline, WA

Graphic Designer

December 2020 – January 2022

- Produced visually stunning designs, including logos, graphics, brochures, and posters, that consistently exceeded client expectations.
- Collaborated closely with clients to align designs with their strategic marketing goals, enhancing their branding and marketing efforts.
- Managed multiple design projects simultaneously, ensuring on-time delivery and consistently meeting client needs.
- Delivered creative and effective solutions for various design challenges, contributing to the success of client projects.
- Utilized problem-solving and project management skills to innovate and bring creative solutions to life.

Mathematics, Engineering, Science Achievement (MESA) Program, Lynnwood, WA

High-Level Mathematics and Physics Tutor

October 2018 – December 2020

- Mentored students to overcome difficulties in science and technology, fostering a mindset for growth.
- Created a supportive and safe study environment, resulting in significant improvements in learning outcomes.
- Received MESA Tutor Appreciation Award issued by Edmonds College STEM Division in June 2020

EDUCATION

Bellevue College, Bellevue, WA

Bachelor of Science in Computer Science

September 2021 – June 2023

Associate of Science (DTA), Lynnwood, WA

Associate of Science in Computer Science

January 2018 – March 2020

University of Tirana, Tirana, Albania

Bachelor of Science in Informatics

September 2014 – June 2017
